To file a warranty claim, please contact Rain Rich directly at 631-423-2211 or send an email. From there you need to provide your contact information, the information from your invoice, and tell us about the problem you are having with your holiday product. Please explain where the problem is occurring and be as specific as possible. It may also be required for you to submit pictures in order to expedite the claims process. Once the claim form is submitted, we will respond to your email and provide you with instructions for processing your warranty claim.

Before any product is returned to any location, an RA number must be received. An RA number will be sent to your email address upon completion of the online form and acceptance of the claim by Rain Rich. Make sure the RA number is marked clearly on the exterior of all returned packages. Packages received without proper identification will be returned to sender. For proper credit, all warranty returns must include a copy of the original invoice and/or packing slip.

All shipping and handling charges associated with a return under warranty will be the responsibility of the owner. Upon inspection of the returned product, any items covered under warranty will be returned back to the owner at the expense of Rain Rich. It will be at the discretion of Rain Rich to determine if the entire item needs to be replaced or if the defect can be repaired with replacement parts only. If any defect relates to the lights on any metal frame, it may be necessary to strip the lights off the frame before returning the product back for warranty. The removal of the lights from the frame and the reinstallation of the replacement lights are at the expense of the owner.

If the returned product is shipped back to Rain Rich for warranty or exchange and found to be damaged or non-functional due to user neglect and not from a manufacturing defect, the owner will be responsible for the return shipping charges and warranty coverage will not be an option.
